

Fact Families

Name: _____ Class: _____

Use 3 numbers in each banner to write the possible multiplication and division sentences. The first one is done for you.

$$9 \times 16 = 144$$

$$16 \times 9 = 144$$

$$144 \div 16 = 9$$

$$144 \div 9 = 16$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \div \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \div \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \div \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \div \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \div \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \div \underline{\quad} = \underline{\quad}$$

Answers

$$9 \times 16 = 144$$

$$16 \times 9 = 144$$

$$144 \div 16 = 9$$

$$144 \div 9 = 16$$

$$9 \times 16 = 65$$

$$16 \times 9 = 65$$

$$65 \div 16 = 5$$

$$65 \div 9 = 13$$

$$4 \times 15 = 60$$

$$15 \times 4 = 60$$

$$60 \div 4 = 15$$

$$60 \div 15 = 4$$

$$9 \times 16 = 100$$

$$16 \times 9 = 100$$

$$100 \div 25 = 4$$

$$100 \div 4 = 25$$
